Recommended Dollsheads:

For styling: Competition OMC Dollsheads from Limage

Elena and Raphaela are similar and both great for styling hair. I recommend Blonde hair for styling as it picks up styles better in photographs than darker hair.

Gigi and Louisa has A LOT of hair and is a lot longer

For cutting: training Limage Dollsheads

I recommend darker hair for hair cutting as it shows cuts better than blonde hair. Julia has shorter hair than Lisa so depending on how much you are cutting depends on which length to go with

Vellen Hair

I love these blow drying brushes. They are ceramic which means they reduce frizz and give the hair a lovely shine when blowing. They come in 2 colours- black and a turquoise.
